

## **New Family Application**

Thank you for your interest in Puebla Christian Academy! The first step for enrollment is completing the application. From there we will schedule an interview with the Administration and as needed complete proficiency testing to ensure that students are prepared to succeed at the appropriate grade level.

The following are the admission requirements:

- Completed family application
- Copy of birth certificate for each student
- Complete transcripts from previous schools
- Letter of good financial standing and good conduct from previous school, if applicable
- Written testimonies of faith from parents
- Letter of reference from a pastor
- Interview with Administration

Proficiency testing in English and Math will be required for those whose primary language at home is not English and for those entering 1<sup>st</sup> grade. The only exception will be for students transferring from a school with a similar curriculum.

Admission to PCA is subject to the approval of the Administration. Applications may be denied for any reason, including lack of space in desired grade levels, inadequate English proficiency, or any other concerns the Administration may have.
